

Make ESS3 pop  
next year in  
your class!

Explore data,  
models, and  
interactives!

*"Climate  
Change  
through  
Data"*

**Dive into the data to deeply explore the  
concepts**

**We will explore ESS3 by working with real-world data and models, exploring interactive online educational resources, and diving deep into the content. We will also talk through tips & tricks to address common struggles students have when working with data in class.**

**Jul 31<sup>st</sup> – Aug 1<sup>st</sup> (9:30am-3:30pm) – New Brunswick, NJ**

Snacks, lunches, and materials provided  
attend!

\*No cost to
